

Tire-Gard® Road Hazard Warranty with Nitrogen Tire Inflation

The Tire-Gard® warranty covers Road Hazard damage to your tires. Road Hazards consist of any condition on a public roadway which should not be there. Puncture from potholes, nails, glass and jagged metal, as well as construction materials and road cracks which causes tire failure is covered under warranty.

Did you Know?

Manufacturers do not warranty tires against road hazard damage!

Guarantee

If a Road Hazard flattens one or more of your tires, simply return to your Selling Dealership. Sym-Tech will reimburse your Dealership for the cost to repair your tires. If the tires cannot safely be repaired a new comparable replacement tire will be installed at no cost to you. Replacement tires are also not pro-rated. Mounting, balancing and installation are all covered under the Tire-Gard® warranty with no deductible.

Your winter tires, if purchased from your selling dealership are also covered under your existing Tire-Gard® warranty at no additional cost.

See warranty for terms and conditions.
